1958

Congratulations, Class of 1958, for having successfully completed an important part of your education. You will now choose for yourselves a field to your liking.

The opportunities of today present a challenge to each of you. It is our sincere hope that you will use to the fullest extent the things you have learned here. No matter which opportunity you choose, you can only expect to receive in direct proportion to that which you give.

You, along with the thousands of other graduates, are the America of tomorrow. Let us strive to maintain our standards and to continue to keep our country the best place in the world to live.

Willard R. Pusey

Dedication

We Dedicate
"The Eagles Nest of 1958"
to Mrs. Martha B. Joines

as a token of our love and affection for one who has made our high school days the happiest of our lives. Always has she helped us in time of trouble and solved our problems with kindly wisdom. Her interest in our objectives has been expressed by exhibition of courage, patience, and sincerity. Her constant vigilance has prepared us for the years to come and has warmed our hearts with memories that time itself can never erase.

Joining in our fun and laughter, she has ever shown that with responsibility comes happiness. This dedication is our expression of love, honor, and respect for a most capable teacher, Our Class Advisor.

Principal's Message

The one great gift of education is that it gives us the torch of aspiration and the ambition to dream, to be, to do - the great incentives to progress - each according to his talents. It also gives us the will to continue the struggle, no matter how great the odds against us or how certain may seem defeat.

In the words of the poet, Paul Laurence Dunbar:

"There are no beaten paths to Glory's height,
There are no rules to compass greatness known:
Each for himself must cleave a path alone,
And press his own way forward in the fight."

May the education you have received and that which you are about to begin give you independence of character and an intelligently discriminating mind, and lead you far along moral, industrial, and intellectual roads.

Advisor's Message

Have you prepared yourself for life? During the past four years you have built a foundation for life. This foundation must stand the rigors of changing time. The diploma which you have earned will provide greater earning power and will open the doors into futures with abundant opportunities.

Practice what you have learned, add it to your new experiences, and never stop in your climb toward success. The world will be a better place to live in, if the citizenship you have learned is put into practice. Be a vital part of your community as you travel along the road of life.

Leave a mark for others to reach so that the world may see the footprints of the class of 1958 on the sands of time.

God bless you! May success and happiness attend you always!

Class Prophecy

It is June 7, 1963, and Mrs. Joines is giving our classmates a party. As it has been long years since we have seen one another, we are anxious to be together once again.

The first ones to arrive are Mrs. Mervyn Dennis (Jean Davidson) and Mrs. Leon West (Ruth Ann Wingate). They are both employed as hostesses at Brice Steele's "Seafood Inn". With them incidentally came Brice.

Next came Mrs. James Layfield (Sandra Lee Layton). She informed us that she and her husband were opening two restaurents in New York City.

Sandra told us that Mrs. Kenneth Savage (Judy Powell) could not come because she is working for the Bell Telephone Company in Wilmington.

Mrs. William Steen (Lorraine West) and Mrs. Linwood Townsend (Carolyn Quillen) arrived next. Lorraine informed us she is working at Dr. Campbell's office as a nurse. Carolyn said she is just working as a housewife.

Here comes Jimmy Evans. He is employed in Philadelphia as a pharmacist in one of Reeds largest stores.

Doris, Enid, and Beverly came together. They are all nurses at John Hopkins Hospital in Baltimore.

Mrs. Joines told us that Anita and June would not be able to come as Anita was in Paris working on some dress designs, and June was acting as her secretary.

Gerone, Benny, and Gene arrived next. James Timmons was with them. Gerone, Benny, and Gene all own large farms, and James is teaching electronics in a school up state.

Pat and Buddy are arriving. We were surprised to hear that they are working at Du Ponts Atomic Research Laboratory in Tennessee.

Lee and Catherine were the last ones to arrive. We were not at all surprised when Lee told us he owned a furniture store, which sold the latest in foam rubber mattresses. Catherine is working as his secretary.

Everyone had arrived but the doorbell was ringing again.

Who could it be? Why it is Anita, June, and Judy. At the last minute they surprised themselves by being able to come after all.

We were all together again. After chatting for awhile, Mrs. Joines served refreshments.

Finally it was time to leave, but you can be sure that we have made plans to be together again in 1968.

Class Poem

Our High School was like a stately boat,
Our parents kindly helped us to embark
Our teachers graciously kept us afloat
With lessons and duties from daylight to dark.

It was here we shared our joys and fears
We learned to cope with French and English verbs,
We, twenty-one, together through four golden years,
Struggling with math and strange chemical words.

But sadness comes over us as we recall
The days we spent in Lord Baltimore in work and play
As we purposed ever in our hearts, one and all
To improve our minds and bodies in every way.

In knowledge and culture we grew more and more,
The lights gleamed brightly on us from the shore;
Our achievements were like the currents swift,
Our successes in sports and arts, the highest cliff.

Seniors, here's to one and all the very best
As we each one rounds the last long bend,
May each succeed in life and in his chosen quest
Before we say farewell at the end.

The Journey

One morning in September 1946, a company of young people, twenty-nine in number, set out on a long journey in search of an education. This company came from all the land around (Bayard, Bethany Beach, Ocean View, Millville, Clarksville and Frankford) to join together to set out to obtain a high school education. Soon we reached the entrance of a great dark woods, known as Freshman Land. As we wandered through the trees with fear and trembling, we wished we could turn back or find a new way out. After stumbling about in the dark and brushing against the huge trees of algebra, we found ourselves hopelessly tangled inthe brambles of English and science. A cold wind scattered leaves of discouragement upon us in the form of flunks and demerits, and we were knocked down by the snubs of the upper classmen. Frankly we had a terrible time in this dark, dark woods. We decided to elect class officers to boost our morale. Buddy Townsend was made president; Brice Steele, Secretary; Jack MeGee, vice president; Doris Murray, treasurer. Along with being lost in these dark woods, we were frightened by many ghosts which we found out later were merely teachers, tardy marks, and sophomores. For nine long months we remained in this lost state.

Continuing our journey we realized we had reached a broad and swift flowing river. It was the golden river of our sophomore year. Here Mr. Snyder disbarked for ports farther north and Mrs. Joines came on board. We gaily and bravely went aboard a little boat we found here called the Soph-Ship. James Timmons was the captain and he directed the Class activities on the way across; Carolyn Quillen was our pilot and she assisted in directing the crew; Ensign Clara Bogue kept the records, and Jimmy Evans was the good mate looking out for our financial snags and sand bars. Navigation across the river was difficult and several times were were almost shipwrecked by the stormy juniors and windy seniors who were determined to dash water on our heads.

As soon as we reached the shore, we saw a lovely meadow before us, the meadow of Junior Land. We set out happily on this road because we were nearer our goal, High School Education. We hurried to elect our officers: Lorraine West was elected president; Carolyn Quillen was made vice president; Sandra Layton, our secretary; and Pat Willett our treasurer. As we wheeled along, we found there were many rugged stones and rough places in our way, like laboratory experiments, compositions, and mathematics.

During the walk through the meadow we made many observations and learned much about people and places, historical events and customs of our country. We did some entertaining, too. We put on a play and musical on several nights. At our Junior Prom to honor the seniors we danced to the music of Lou Paris.

At last we reached the road's end and we came to a beautiful mountain. Just as in a dream, we found ourselves on the top of this wonderful mountain, on the Skyline Drive, Senior Land. We were at the top of our high school journey. Allow us to introduce our class officers: President-Lorraine West, Vice President-Carolyn Quillen, Secretary-Sandra Layton, Treasurer-Pat Willett. From this exalted place we can look down on the years of the past, our former years in high school. We have grown, relatively, in stature and wisdom. In climbing we have breathed the fresh air of new truths and doctrines and principles, constituting a better way of living.

This journey would not be complete without mentioning our Washington Trip. On May 22, a happy group left for our Nation's Capital chaperoned by Mr. and Mrs. Fred Graef and Mr. and Mrs. McCoy Joines.

But we cannot linger here contentedly, merely satisfying ourselves with what has been and with what is. We must go forward with our elevation and our view. We must use our training and our knowledge.

And So a Tired Staff Says Farewell!

Now that we have reached the end of this, our attempt at summarizing this our Long Long Trail of education, we wish to thank our very loyal and helpful advisor, Mrs. Martha Joines who has given tirelessly of her time and efforts to help make this annual a success. We also offer our gratitude to Mr. Graef, our principal, for his hearty co-operation and to Mrs. Howe, our photographer who has been very generous in the giving of her time to further the success of this, The Eagles' Nest. We want to express thanks to all the people who have contributed in any way.
